My dear Sir I have in possession a
Portrait of Washington by Stewart,
belonging to a family with which I
am connected, and who are desirous
of parting with it. Its history is
interesting as being once in possession
of the Lee family, connected with
Washington, and of its having been
presented by that family to the one
now in possession of it. Miss Stewart,
daughter of the painter, has examined
it and pronounced it a genuine. It
is in good order. She has recently been
here copying the portrait by her father
belonging to the city, now in Faneuil Hall.

If you should know of any one
wishing to purchase the portrait in

my predecessor it would oblige me if you
give me his address -

Most respectfully Yours
Wm. G. Brooks.
